

Brock University

Centre for Digital Humanities (CDH)

Connections Guide (Clients)

Student ID Card (Prox) Access to Doors

There is no physical access to the labs until further notice.
CDH computer lab access is through assigned remote access only.

Remote Computer Access (Assigned access only)

If required for your courses, you will be provided with an online sign-up sheet for remote access.

To work remotely, download the Remote Desktop client for your device (PC, MacOS, iOS, Android) and connect with your Brock credentials:

<https://docs.microsoft.com/en-us/windows-server/remote/remote-desktop-services/clients/remote-desktop-clients>

Add (Workspace): <https://rdweb.wvd.microsoft.com/api/arm/feeddiscovery>

HTML: <https://rdweb.wvd.microsoft.com/arm/webclient/index.html>

Note: you can access your machine remotely through a modern web browser, however, audio is not supported. Other third party apps may be used but are not officially supported.

Adobe Creative Cloud (CC) (new in 2019)

Brock University uses an Open Access authentication model for its Device Licenses. You can access licensed versions of Adobe CC software on lab computers only.

You may Sign-in with: Google, Facebook, a free Adobe ID

You cannot Sign-in with your Niagara College or Brock ID on the Brock Campus.

Hansoft

Client: Hansoft (allow client to update)

hansoft.brocku.ca

Click "I trust this server"

port: 50256

Windows Credentials (or from home use your @brocku.ca email address and password).

Subversion (SVN) – Web Viewer

Client: Web Browser

<https://subversion.brocku.ca/>

NOTE: if you get a HTTP error 1.1, change the URL in your browser from HTTP to HTTPS (or copy the link above into your browser)

Subversion (SVN) – Repository

Clients: TortoiseSVN, SVN command line

<https://subversion.brocku.ca/19Y99-99Z>

The project name will take the form of:

<First initial of Course Owner><Course Code>-<2 digit year><Letter of assigned group>

E.g., <https://cfdh-game.brocku.ca/svn/11P04-18A>

If you require a repository that is not assigned by your instructor, contact the [CDH Technical Associate](#) with your project name and team members (by brock email).

GitLab (Git)

<https://cfdh-gitlab.brocku.ca/gitlab>

Clients: Git Extensions, Git Command Line Client.

If you require a repository that is not assigned by your instructor, contact the [CDH Technical Associate](#) with your project name and team members (by brock email).

Webhooks for Discord, Slack, or Teams in Git or SVN

Send Channel Webhook to the [CDH Technical Associate](#) (with project or repository name).

SQL Express (Database Assignments)

SQL Database Management Studio 2017

Remote Database Only accessible from Lab H.

Database: **SC1CDHDEVDB01**

Use Windows Credentials (login for computer you've signed into)

Select your database from the list on the left (by Brock ID).

Searchable BBC Audio Title Database

Use of hard drive discontinued until further notice.

(For BBC Hard Drive owned by VISA)

<http://cfdh.ca/audio>

Equipment Loans

Discontinued until further notice.
